## EXPERIENCE

### AREKSOFT TECHNOLOGIES | ANDROID DEVELOPER

June 2022- August 2022| Hyderabad, India

- Developed a working android application has functionalities like user authentication, user data management, payment gateway.
- Collaborated with 3 membered teams to design and implement the application.
- Used different technologies like Java, XML, Gradle, Firebase, git.
- [github.com/YashitaKumar/Chit-Fund-Management-App](https://github.com/YashitaKumar/Chit-Fund-Management-App)

## PROJECTS

### DOCPLAY | PYTHON, LANGCHAIN, GOOGLEPALM, FAISS, STREAMLIT

2023 | Major Project

- Assembled an AI chat-bot that trains on the text from the document user uploaded and answer any query user ask about that document.
- Created a web service which is hosted in our college servers.
- [github.com/ManikantaMandala/DocPlay](https://github.com/ManikantaMandala/DocPlay)

### SHORTURL WEBSITE | SPRING BOOT, REACT.JS, POSTGRES DB

2023

- Developed and implemented a URL shortening application that enhances link sharing efficiency. The application takes a long URL as input and generates a concise, easy-to-share short URL
- Constructed a web application with two services. One was written in ReactJS and the other was written using Spring boot.
- [github.com/ManikantaMandala/learningJava/tree/day7](https://github.com/ManikantaMandala/learningJava/tree/day7)

### TODO APPLICATION | NODE.JS, REACT.JS, MONGO DB

2024

- Developed a minimalist Todo Application with user authentication, user authorization, RESTful APIs
- Constructed a web application where frontend with ReactJS and the backend using Node.js. Where the implementation contains multiple libraries like, Zod, Mongoose, dotenv, jsonwebtoken, Express.js, etc..

## SKILLS

### PROGRAMMING

Proficient:

• Java • SQL • HTML • CSS • JavaScript

Learning:

• TypeScript • Rust

### LIBRARIES/Frameworks

• Spring/Spring boot • Node.js • Express  
• Mongoose • ReactJS

### TOOLS/PLATFORMS

Proficient:

• Git • Neovim • Tmux

Learning

• Docker • Kubernetes

## EDUCATION

### BML MUNJAL UNIVERSITY

BACHELOR'S IN COMPUTER SCIENCE  
AND ENGINEERING

May 2020-present | Haryana, India

School of Computing

Cum. GPA: 7.64/10

### FIITJEE JUNIOR COLLEGE

MPC

June 2018 - March 2020 | Hyderabad, India

Percentage: 89.2%

## CERTIFICATIONS

- System Administrator, Service now
- Cyber security & Ethical hacking, Inmovidu

## ACHIEVEMENTS

- Runner in Kabaddi, Hero Challenge
- Solved 100+ problems in leetcode.com

## INTEREST/HOBBIES

- Solving Leetcode problems
- Bash scripting to improve my productivity
- Learning new tech
